

# KIRKLEES AND CALDERDALE OCCUPATIONAL HEALTH AND SAFETY GROUP

*Helping each other to improve health and safety at work*

**NEXT EVENT – WEDNESDAY 23<sup>RD</sup> NOVEMBER 2011 (08:45 – 11:00)**

## **‘An ageing workforce – the health and safety challenges and opportunities’**

Following on from the group’s successful September event around securing the health and safety in younger workers, the group’s next event will explore the health and safety aspects around another very topical issue facing workplaces: the ageing workforce.

This event will provide an insight into the physical and mental health, safety and well-being challenges employers can and will face with an older workforce. It will also highlight the opportunities the older workers can bring to the workplace.

There will be presentations on different aspects of the topic from: -

- Angela Thompson of [PROHMS](#) Professional Occupational Health Medical Services;
- Vanessa Scrimshaw of [New Dawn Resources](#); and
- Joanne Crawford from the [Institute of Occupational Medicine](#).

## **Location**

The event is taking place at the [Shay Stadium](#), Halifax, HX1 2YS. There is ample parking at the stadium. Light breakfast refreshments will be served from 08:15.

## **Interested in attending?**

Please contact the group’s secretary Michael Metcalfe (01422 388318 or [michaelm@calderdale.ac.uk](mailto:michaelm@calderdale.ac.uk))

## **Further information**

Visit the group’s website at <http://www.kcohsg.org.uk/home>

## **Group’s next event**

‘Energy management – simple solutions can make significant savings’ (the group’s AGM will be held prior to the main event) Wednesday 7<sup>th</sup> February 2012, 08:45 to 11:00 at [Cummins Turbo Technologies](#), Huddersfield, HD1 6RA.
